Introduction

The National Minimum Standards for Boarding Schools (NMS) require Cambridge Arts and Sciences, consisting of CATS Cambridge and CSVPA (the Schools) to identify at least one person other than a parent, outside the staff, and those responsible for the leadership and governance of the Schools, who boarders may contact directly about personal problems or concerns at School.

The Independent Person system is confidential and Independent Persons are under no obligation to inform the Schools of every contact. Independent Persons may visit the Schools throughout the year to make themselves known to staff and students.

Any student who wishes to talk to an independent adult about personal problems or concerns at School can do so. Details of the Independent Person are displayed around the Schools and within all Boarding Houses.

Role Context

The Independent Person must be student focused however sympathetic they may be to other points of view. The function is to complement the work and activities of School staff and parents.

In bringing this autonomous perspective, the Independent Person must behave in an anti-discriminatory manner. The Independent Person is not expected to accept unquestioningly what those responsible for the student tell them is in the student's interests, but should remain open-minded and foster a healthy scepticism.

Problems and Decisions

The Independent Person will consult and work with the Designated Safeguarding Lead (DSL) and students. They will work within all Schools policies and procedures. All grievances or disputes should follow the procedures and guidance within the applicable School's Policies.

Supervision

Supervision arrangements should be discussed with the DSL to ascertain whether the Independent Person is able to arrange peer supervision. If they are unable to do so supervision will be arranged with the DSL.
